FOR IMMEDIATE RELEASE

SeneGence International® Launches SeneDerm Solutions Nangai Oil

Irvine, Calif. (April 10, 2016) - SeneGence International- creator of LipSense® long-lasting lip color, SenseCosmetics™ and SeneDerm® Anti-Aging Skincare - announces the launch of SeneDerm Solutions Nangai Oil with SenePlex Complex.

Nangai Oil intensely moisturizes and soothes skin with a luxurious blend of natural Nangai Oil and anti-aging SenePlex Complex. These ingredients are found on the tropical island nation of Vanuatu. The Nangai tree produces a nut that is cold-pressed and turned into a light golden oil with many skin benefits:

- Anti-Inflammatory - helps relieve dry skin issues such as cracking, flaking, irritation and unsightly inflammation
- Moisturizing & Anti-Aging - deeply quenches skin due to high levels of moisture-enhancing triglycerides
- Quick Absorbing - leaves skin feeling healthy and hydrated, not greasy

“SeneDerm Solutions Nangai Oil will support skin to retain moisture with the purest form of natural moisture retention ingredients known today,” said SeneGence Founder and CEO Joni Rogers-Kante. This light and velvety oil from the nut of the Nangai tree will help reduce the signs of aging, and work to make skin luminous and deeply hydrated.”

Nangai Oil Directions: after cleansing and before moisturizing at night. Apply a few drops to fingertips and rub until Nangai Oil is clear (can be hardened by cold temperature and is warmed by finger tips); gently spread across surface of skin. Dry skin may require twice daily use, both day and night.

About SeneGence International

SeneGence’s full line of long-lasting cosmetics and anti-aging skincare is sold through a network of Independent Distributors around the world. SeneGence proudly distributes products that are made in the U.S.A. and formulated without lead or animal testing.
